

Mrs. Brooke Helwig

9th-10th Grade ELA Teacher

Brooke Helwig is a 9th-10th grade English Language Arts teacher at Ozark High School in Ozark, Missouri. Brooke shares her love of reading with her students through her expansive classroom library and engaging whole-class novels. Through her Book Love Foundation Grant, she plans to incorporate Book Clubs into her 9th grade English classes to further spark their love of reading.

Book clubs allow students choice in their learning and allow them to find a book that they are more likely to resonate with. The grant will allow students to be exposed to underrepresented, diverse, and engaging nonfiction narratives.

Fostering a love of reading is a core tenant of Brooke's English classroom. The Book Love Foundation supports this mission and continues to contribute to the success of classroom libraries and book clubs alike. Thank you for inspiring teachers and readers!
