

# Brian Mangan

*Philadelphia, Pennsylvania*

Brian is currently a teacher resident working full-time in a classroom as part of an accelerated certification and Master's program. He co-teaches 6th and 7th grade English Language Arts and Reading with a mentor teacher and will begin his first year as a lead teacher, teaching 7th Grade English and Social Studies at William Ziegler Elementary in the Philadelphia School District this fall.

The Book Love Grant allows Brian to start his first year in the classroom with a fully stocked library where every student can find a full year's worth of books to fall in love with. That means books on their level that cover subjects and themes that interest them specifically and that are fresh and new to many students.
